

POLICY MANUAL

Policy title:	WATER METERS - MULTIPLE OCCUPANCY POLICY
Policy number:	6.1.1
Objective:	To ensure owners, builders and developers are aware of Council's position in relation to water meters and multiple units
Link to community vision/service:	Water Cycle Management
Program Area:	Operations
Policy created: 9/10/90	Council reviewed: 5/9/95, 27/4/99, August 2003 & 8/1/14
Last reviewed by staff: 8/1/14	TRIM Ref: ED10/15871 & ED16/33366

1. All duplex units be individually metered at the boundary.
2. That all strata title and community title approvals carry advice that Council operates a user pays water charging structure. Accordingly, plumbing should be arranged so that each unit can be individually metered but such meters would be installed and maintained by the body corporate.
3. That with all approvals for multiple unit development, a note be attached advising the applicant that this is the case.
