## About this form

Use this form when applying to vary development standards under Clause 4.6 of the Lismore City Council Local Environmental Plan (LEP) 2012.

Varying development standards allows flexibility when you cannot meet existing standards, achieving better outcomes in certain circumstances. The proposed development needs to be in the public interest.

If you wish to vary a development standard within the Lismore Local Environmental Plan 2012, your Development Application needs to justify the contravention of the development standard, demonstrating:

- a) compliance with the development standard is unreasonable or unnecessary;
- b) that there are sufficient environmental planning grounds to justify contravening the development standard.

**Note:** Development standards in Clause 5.3 and 5.4 of the LEP cannot be varied.
