The **value of the development** is the genuine estimate of:

- (a) the costs associated with the construction of the building, and
- (b) the costs associated with the preparation of the building for the purpose for which it is to be used (such as the costs of installing plant, fittings, fixtures and equipment).

The **capital investment value** of a project includes all costs necessary to establish and operate the project, including the design and construction of buildings, structures, associated infrastructure and fixed or mobile plant and equipment (but excluding land costs and GST).
