Urban	Organic - 240L fortnightly	\$295.33
Rural & Village	Waste - 240L fortnightly	\$258.62

*Extra bins are not available as a standalone service.

Additional information:

To minimise the impact on ratepayers of current fee changes and the Waste Levy, Council will not impose the Waste Minimisation charge for 2024/25.

[^]Waste Levy: As a result of the natural disasters of February and March 2022 and the subsequent damage to Council's waste cell, Council has been required to transport waste off site to other facilities. This has resulted in Council incurring significant additional operational costs and it is anticipated this will continue during 2024/25 until the cell becomes operational. To offset the increased operational costs, Council has introduced a waste levy of \$75.00 per assessment for the 2024/25 year. This Levy applies to all rateable properties receiving a waste service.

A Waste Availability fee of \$11.39 is applicable to all rateable properties where the waste collection service is available, but not being utilised, excluding those properties paying the Nimbin Transfer Station charge.

For more information, visit Council's website, www.lismore.nsw.gov.au. To change your service, call Council's Customer Contact Centre on 02 6625 0500.
