

Conditions of Use

- Trade Parking Permits exempt permit holders from time-limited parking restrictions imposed by sign posting such as 1/2P, 1P, 2P, 3P and 4P parking limits.
- Permits do not allow permit holders to park in a time-limited parking space sign posted as 5 minutes, 10 minutes, 1/4P zones or paid parking zones unless a ticket is purchased and displayed.
- Permits do not allow permit holders to park in a 'No Stopping', 'No Parking', 'Loading Zone', 'Taxi Zone' or 'Disabled Parking Zone'.
- Permits are only valid when displayed in a trade vehicle with the nominated registration on the date(s) for which the permit has been issued and in the location for which the permit has been issued.
- Permits are not transferable and will only be valid when clearly displayed on the bottom left-hand side of the front windscreen inside the nominated trade vehicle.
- The issue of a permit does not guarantee the availability of a parking space to the holder.
- Any proposed variation or extension of time is the subject of a new permit application.
- Only one permit can be issued per registered vehicle on the dates for which the permit has been issued.
- Permit holders must park in accordance with Australian Road Rules.
- False applications and statements, and alteration or misuse of the permit, are serious offences and will result in the cancellation of the permit and may result in enforcement action.
- Permits cannot be transferred or allocated to another person.
- The duration of any approved permit will be a maximum of five consecutive working days.
- Council will undertake routine audits of permits to monitor compliance with conditions of use.
